Signature: _____ Date: ____/____/____

Office Use Only:

Date Received:.....Amount: \$.....M/ship No:.....Expiry Date:.....

Approved for issuing the following CMAS Certification:

Name: Signature: Date:/...../.....

Requirements for CMAS Recertification greater than 6 months after expiry date on card or for issue of a CMAS card to replace a National Qualification System (NQS) or Federation of Australian Underwater Instructor (FAUI) certification.

If you wish to renew your certification you will need to send the following documents with this application form.

1. Copies of all your diving related qualifications (including non CMAS) showing when and where you did your dive training and the name of your Instructor (or provide details if not on the certification card/certificate). This assists in ascertaining what CMAS level your qualification may be equivalent to if you have continued your diving education with a non-CMAS agency.
2. A brief resume of your diving experience and evidence verifying your recent diving activity (e.g. log book or statement by employer/club dive officer etc.).
3. A Dive Medical (no greater than 90 days old) completed by a diving doctor. To locate a suitable doctor in your area go to [SPUMS Diving Doctors](#)
4. A copy of your driver's licence or other photo identification that verifies your identity (in the same name as your diving qualifications or evidence of name change if applicable).
5. Any additional information showing you have been maintaining your diving knowledge, and if an instructor that you have maintained active instructing since your CMAS card expired.
6. A Statutory Declaration stating the information you have provided and copies of your diving credentials are true and correct and have not been altered in any way.

As you can no doubt appreciate SCUBA diving is a skilled recreation and as such we must be careful with replacement of expired certification cards.

Once assessed we will send you your AUF/CMAS card, if you qualify. If your application is not successful, your payment will be refunded.

The other alternative is to do another dive course with an AUF registered CMAS Instructor, and then submit your membership form through the certification process.

Please post this form together with documentation to:
