We will strongly consider past national/state events participation & results as well as results from previous international attendances although that criteria will not be the only consideration. We will also seriously consider results where known from major events that closely mirror the type of conditions we will have in this event.

A committee will evaluate a shortlist & get back promptly to those persons with our preliminary thoughts & selections. We've got a focus on the future and want to see interest from more up & coming prospects along with some past proven International event attendees.
